

Out-of-state Gifts

ARF charges a 5% administrative fee on all gifts over \$100 that originate from outside of Oregon. If a company has an Oregon representative but business headquarters are out of state, any gift funds from that company will be considered out-of-state. The 5% administrative fee is considered to be part of ARF's general fund income and the Board of Directors has discretion in how to spend it. General funds are used to fund special projects such as ARF's small grants program and to support ARF operational expenses.
